

Logging onto LGFL mail on Mobile devices

First, navigate to your Google Play Store / iOS App Store and download the Microsoft Outlook App. The app looks like the one to the left.

Once you open the app, it will prompt you to add an account.

Using your LGFL account (your USO login + @lgflmail.org), click add account. It will change to a page with Exchange at the top and ask you to log in.

Use your LGFL account password, and for the description box feel free to add 'Work' or anything more suitable. Once you sign in, you will be able to view your emails.
